## SERRV INTERNATIONAL

### A Better World in the Making

*Fighting global poverty through fair and ethical trade since 1949*

One of the first fair trade organizations in the world, SERRV International began its mission by helping displaced European refugees trade their handcrafts for income after the Second World War. Since then, Serrv (Sales Exchange for Refugee Rehabilitation and Vocation) has extended their reach to 24 countries worldwide, working to empower over 8,000 artisans and farmers every year by selling their beautiful handcrafts.

#### Our Mission Statement:

To empower small-scale global artisans and farmers through long-term trading partnerships, helping them build **sustainable employment, resources, rights, and a vision of hope** in their communities.

SERRV believes in:

- **Creating employment**
- **Paying fair wages**
- **Encouraging sustainable practices**
- **Supporting community development**
- **Preserving traditional crafting techniques**

With your support, we can continue to combat global poverty and work to help artisans and farmers build better lives for themselves, their families, and their communities. Find out more at [www.serrv.org](http://www.serrv.org).

## ten thousand villages

**Ten Thousand Villages is a global maker-to-market movement** that addresses economic injustice. Because every handcrafted object has a life of meaning behind it.

We're a way for you to shop with intention for ethically-sourced handcrafted wares - and to share in the joy of empowering makers in ten thousand villages.

**As a pioneer of fair trade**, we do business differently, putting people and planet first. That means you can trust that every purchase and donation you make directly impacts the life and community of its maker in a developing country. Together we break the cycle of generational poverty and ignite social change. #LiveLifeFair. Learn more at [www.tenthousandvillages.com](http://www.tenthousandvillages.com).
